Join the community on July 26, 2025 for the 22nd Annual Chicago Disability Pride Parade at 11 am in the Chicago Loop! For information regarding the parade start/end points, route, parking, and public transportation, please visit disabilityprideparade.org/location.

Legislative Updates

- **Medicaid cuts:** The “One Big Beautiful Bill” was passed into law, which will result in \$1 trillion in Medicaid cuts over the next 10 years. This law also includes work requirements (80 hours/month to maintain coverage) for many adults on Medicaid expansion. Eligibility reviews will be taking place every 6 months, which may increase the risk of losing coverage due to clerical and processing errors. Some Medicaid recipients will also need to begin paying copays for medical appointments.
- **IL budget:** The Illinois FY26 state budget includes a \$0.80/hour increase to DSP wages and a cut of more than 622,000 DSP service hours - equivalent to 1.2 hours per week lost for each person served, and a loss of 305 DSP positions.

A Message from S.I.B.S. on Medicaid

We know how difficult and confusing this time may be. The burnout of our many roles such as sibling, peer, parent, daughter or son, and advocate is so very real. We have fought the good fight with countless letters, calls, emails, rallies, and in-person meetings. We have been ignored, but we will not sit in silence. S.I.B.S. will continue to amplify the sibling voice and perspective. We will continue to stand with you. We are siblings to individuals with disabilities, and with that, we know we are intuitive, protective, and ready to face challenges from which others may shy away. We grieve the loss of this particular fight and fear what the future may hold, but we will navigate the road ahead **together**. If you would like to process this with other siblings in a safe space, please join us for one of our next virtual meet-ups on July 17 and/or Aug. 21 at 7pm (<https://www.sibsnetwork.org/events>). We will do everything in our power to fight for the systems and communities our siblings deserve!

Legislative Updates

- **Budget Resolution and Medicaid cuts:** Leader Thune told press that he wants to bring a new "compromise" budget resolution to the floor this week. The new Senate resolution is likely to include billions of dollars of cuts to Medicaid. The Senate GOP is trying to pass this budget resolution this week. **CALL YOUR SENATORS ON APRIL 3 TO DEMAND THEY PROTECT MEDICAID.** [Click here to automatically connect to your Congressmembers.](#)
- **Department of Health and Human Services (HHS):** Plans to eliminate the Administration for Community Living (ACL) and split its functions have been proposed. The ACL was created to advance the idea that older adults and people of all ages with disabilities should be able to live where they choose. Currently, ACL funds services and supports provided primarily by networks of community-based organizations and by investing in research, education, and innovation.
- **Department of Education:** Pres. Trump signed an executive order advising the Secretary of Education to facilitate the closure of the U.S. Department of Education. The executive order also orders the Secretary of Education to ensure programs receiving funds from the Department of Education don't use terms such as "diversity, equity, and inclusion" in their programming. The department can only be abolished if passed through the House and Senate. This has not happened yet. The executive branch has significantly downsized the department while waiting on Congress.
- **Bill HB 2474 signed into IL law:** This law expands and clarifies the rights of nursing facility residents to advocate for themselves and others, adds explicit right to civil action if there is retaliation, and mandates new training program for all facility employees.

April 2025

U.S. Congressmembers are back home the weeks of April 14th and 21st. This is a great time to schedule a meeting and urge them to protect Medicaid. Need help scheduling an appointment? Email sibsadvocacy@gmail.com

Legislative Updates

- **Anti Retaliation (IL HB2474):** Bill to protect nursing home residents against retaliation has passed the Senate and the House and is now onto the governor.
- **Equip for Equality Report:** A midpoint assessment revealed slow progress in transferring residents in southern IL from Choate Mental Health and Developmental Center to promised inclusive community-based settings.
- **Federal Medicaid Cuts:** Proposed federal Medicaid cuts threaten home and community-based services (HCBS) and may adversely affect Medicaid-funded educational services provided under the Individuals with Disabilities Education Act (IDEA).
- **Contact your legislators about these issues:** <https://tinyurl.com/ILlegislators>
